**Everyone can join** and organize a clean-up actions: from institutions and local authorities, to associations, schools, groups of citizens, companies and all other kind of organizations. Organizers will be asked by their coordinators to estimate the amount of waste collected and the number of participants, as well as indicate clearly the address of the clean-up action, in order to appear on a european map of all the actions!

In order to create a real European movement sharing the same passion about environment, the organizers should take **some photos and short movie of the actions** and share them through the social media (**Let's Clean Up Europe is on Twitter and Facebook, hashtag #cleanupeurope**).
